Enhanced typesetting : Enabled  
Print length : 296 pages

The conference will feature a variety of scientific sessions, including:

- Digital mammography physics and technology
- Breast cancer screening and diagnosis

- Artificial intelligence and machine learning in mammography
- Computer-aided diagnosis
- Medical imaging and radiology

The conference will also include a number of social events, such as a welcome reception, a conference dinner, and a city tour. The conference venue is located in the heart of Moscow, and participants will have easy access to the city's many attractions.

## **Call for Papers**

The conference organizers are calling for papers on all aspects of digital mammography and RCDL. Papers should be submitted electronically through the conference website. The deadline for paper submission is March 15, 2024.

## **Registration**

Registration for the conference is now open. Early registration discounts are available until June 15, 2024. To register for the conference, please visit the conference website.

## **Accommodation**

A block of rooms has been reserved at a discounted rate for conference participants at the conference hotel. To book a room, please visit the conference website.

## **Visas**

Citizens of some countries may require a visa to enter Russia. Please check with your nearest Russian embassy or consulate to find out if you

need a visa. The conference organizers can provide letters of invitation to help participants obtain visas.

## Contact Information

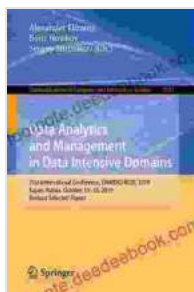

For more information about the conference, please contact the conference organizers:
